

## EILEEN FISHER as seen in...

May-June 2008

*It's easy to while away an entire summer afternoon daydreaming on the sun-dappled porch of the historic Phoebe Pember House. An airy, white Eileen Fisher sweater and camisole combination sets off a bold navy and white cotton skirt from Ann Taylor. Simple buff heels from Nine West add polish, and a gold cuff from Carla Amorim and Gurhan earrings finish the look.*

*Right: Summer evenings in Charleston are blissfully romantic. Add to the romance in a dress adorned with cobalt- and sapphire-hued roses from Talbots, an RJ Graziano pearl necklace, and simple David Yurman silver and pearl earrings.*
