SEASONAL PLANNER  
RESORT 2013

## Tips & Trends from Our Design Studio

**Black and gold.** This season, go for the gold with burnished yarns, satiny silks and a gilded version of our knit necklace. Mix gold with black for maximum glamour.

**Best-dressed pants.** The jean gets dressed for the evening in Filigree Printed Ponte, organic cotton with tuxedo stripes and, of course, our favorite waxed denim. Add a new patina with our Mineral Washed Stretch Velveteen, front cover.

**Mohair Fur.** Elegance takes a walk on a wild side with a vest and infinity wrap in our new untamed mohair knit.

**Stripes, stripes, stripes.** Bold, blurred or barely there, our new stripes add graphic impact to sweaters, tops and an indispensable tank in Organic Linen Jersey Stripe.

**Fashion plait.** Plaiting is a knitting technique that uses two yarns, one inside and one out. It lets us play with color in some of our new favorite sweaters (front and back covers): weightless Plaited Mohair and Plaited Organic Cotton & Tencel, a fair trade knit that Eileen adores.

**Harem headlines.** We're wild about our newest harem with a higher rise and a leggy, boot-ready silhouette. As for Eileen's true-love harem, the maxi in Lightweight Viscose Jersey—we consider it so essential we added it to this season's System.

**The silk top everyone's talking about.** If we had to pick the most valuable player to transition into spring, it's our Silk Crepe de Chine sleeveless top. Look for it in the February delivery; wear it under everything—or by itself later in the season.

**Exterior design.** Two sleek ways to greet the great outdoors: Bonded Fleece and Quilted Recycled Polyester Sheen.

**Miami or Minneapolis.** In each delivery, you'll find the coziest knits in cotton and viscose. Winter doesn't have to mean wool.

**Ampersand update.** Our best-selling Linen Jersey now uses organic fiber. Whether it has stripes, shimmer or mélanged color, Linen Jersey starts in a field that is free of pesticides and herbicides. By supporting organic farming, we are supporting clean water, clean air and a healthy environment for workers and wildlife.

&

On the Tibetan Plateau, yak are still herded by nomads. Their soft undercoat is combed for a sweater that supports a traditional livelihood.

**Turtleneck Poncho**, Supersoft Yak & Merino Stripe, Ash/Black, R3YAQ-W2430. **Scoop Neck Long Lean Top**, Cozy Viscose Stretch Jersey, Black, R3VH-T1875. **Skinny Jean**, Organic Cotton Waxed Stretch Denim, Black, R3WDN-P8210.
